The retro feel created with the black-and-white aesthetic and pixel art graphics combined with the simple characters and fantastic soundtrack, would make any grown-up fan of the genre go 'woooo!' If you're a fan of the classic world of fantasy RPGs, then you don't need to wait any longer! The RPG fans are growing up!" 2016.10.27 - GameZone "The story follows a group of teenagers who have set out from their home city to the Wasteland, the only place on Earth where monsters dwell. Some of them are lost, some are hoping to find treasures in that desolate place, and some are simply looking for adventure. However, not everyone is prepared to brave a hostile new land, and that's when things start getting sticky. To properly appreciate the game, it's important to know that you'll be playing as the archeologists, the adventurers, the monsters, and all of the other inhabitants of the world." 2016.10.27 - RPGFan "Tarnished Heroes is a game that manages to condense and surpass the classics of this genre. As a player, you'll feel transported to another, magical world, and that's simply from the art and aesthetics. The bff6bb2d33

IN THE COURT OF CRIMINAL APPEALS OF TEXAS NO. PD-1606-11 THE STATE OF TEXAS v. TERRELL STEWART, Appellee ON APPELLEE'S PETITION FOR DISCRETIONARY REVIEW FROM THE FOURTH COURT OF APPEALS HOOD COUNTY M EYERS, J., filed a dissenting opinion. I agree that in this case the State could not use the defendant's post-Miranda statement as substantive evidence because it was the product of custodial interrogation. But because there is no evidence that the defendant's statement was made in the context of a "custodial interrogation" and because the majority concludes that the statement was admissible under the inevitable discovery doctrine, it is erroneous to affirm the conviction under Rule 41.2(a)(1).
